SCIENCE COMMUNICATION AND OUTREACH

Seven Day Series Webinar

Served as a moderator for a conversation between Dr. Aric Prather and Dr. Elissa Epel about their recently published books titled: “The Sleep Prescription” and “The Stress Prescription” from Penguin Random House.

Ryan’s Science

Created 36 short science communication videos about my own (and others’ research) that, to date, have garnered over 500 hours of watch time on YouTube. Selected work was also shared in shorter TikTok videos. One video on the widowhood effect (based on **Brown** et al., 2022) has been watched >22,000 times with >60 comments where I was able to answer questions about how this research is conducted, age differences, ethics, and attachment-related questions that remain.

Sci-Tea

Co-hosted a seven-episode podcast connecting researchers and practitioners with the goal of creating more open communication around applying psychological research regarding what researchers can learn from practitioners and community members. Episodes from this podcast were downloaded >400 times, to date.

Selected Interviews:

- Studying the Stress of Caregiving (Alzheimer’s Speaks Radio)

- Psychology and Health in Adulthood (Asheville Museum of Science)
- The Biological Impact of Grief, Stress and Major Life Events (Connecting with Dr. Kim Swales)
